## FAST, EASY & STURDY: JUST SET IT AND FORGET IT.

Once you've created your EZ Dock, you'll need to select an anchoring system to work with your existing piling or your new installation. Our wide-variety of anchoring components can accommodate most water conditions and bottoms (deep, shallow, rough, muddy or sandy) and are simple to install. EZ Dock anchoring products are made from long-lasting, durable materials that can accommodate standard or heavy-duty use. Your local dealer can help you select the anchoring system that's right for your location. **Call us at 1-800-654-8168.**
